

Material Safety Data Sheet

MATERIAL SAFETY DATA SHEET

PRODUCT: WaterProof
DATE PRINTED: 15/03/2017
PAGE 1 OF 4

1. PRODUCT AND COMPANY IDENTIFICATION (This page may be used as an emergency data sheet)

Company Details:

Name: Laminin Coatings (Pty) Ltd
Address: 13 Monument Road, Oranjesig, BFN
Tel.: 051 – 447 8938
Fax: 086 518 6455

Product Details:

| | | | |
|-------------------------|----------------------------|----------------------|---------------|
| Trade Name: | WaterProof | CAS No.: | Mixture |
| Main use: | Industrial or domestic use | Hazchem Code: | Not available |
| Chemical family: | Emulsion paint | UN No.: | Not available |
| Chemical Name: | Water based Emulsion Paint | | |

2. COMPOSITION

Water-based emulsion paint
Hazardous Components: Not classified as hazardous

3. HAZARDS IDENTIFICATION

| | |
|------------------------|---------------|
| Main Hazard: | Not hazardous |
| Flammability: | Not flammable |
| Chemical Hazard: | Not hazardous |
| Biological Hazard: | Not hazardous |
| Reproductive Hazard: | None |
| Health effects – Eyes: | Irritation |
| Skin: | Irritation |
| Ingestion: | Irritation |
| Inhalation: | Irritation |
| Carcinogenicity: | None |
| Mutagenicity: | None |
| Neurotoxicity: | None |

4. FIRST AID MEASURES

In contact with eyes: Wash with lukewarm water for several minutes while holding eyelids open or until irritation subsides and seek medical advice.

In contact with skin: Wash with water before the dispersion dries and remove any contaminated clothing and wash with large amounts of soap and water. If irritation persists, seek medical advice.

If ingested: May cause nausea. Do not induce vomiting. Drink as much water as possible and seek medical advice immediately.

If inhaled: Remove to well ventilated area. In severe cases seek medical advice.

5. FIRE FIGHTING MEASURES

Extinguishing media: Water, carbon dioxide or dry chemicals

Special hazards: This product is water based and not flammable. Dry resin will burn producing carbon dioxide and sometimes oxides of nitrogen accompanied by dense black smoke.

Protective clothing: Protective clothing and a self-contained breathing apparatus

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area.

Environmental precautions: Do not wash into drains unless leading to a suitable effluent process.

Small spills: Absorb with sand or rags before the paint is allowed to dry.

Large spills: Contain and pump into a receiving vessel for removal.

Waste disposal: Check with Federal, Provincial and local Government regulations and requirements for disposal.

7. HANDLING AND STORAGE

Suitable material: Plastic or special steel containers.

Handling: Wear protective gloves, goggles, overalls and apron
Observe good housekeeping practice.
Keep workplace well ventilated.

Storage: Store under cover at temperatures above freezing
Containers should be properly sealed.
Open in ventilated surroundings as small levels of VOC may accumulate in top void of the containers.
Stir before use. Keep out of reach of children.

8. EXPOSURE CONTROL / PERSONAL PROTECTION

Occupational exposure limits: Not applicable

Engineering control measures: Use mechanical ventilation to reduce exposure.

Personal protection – respiratory: Breathing apparatus if ventilation is not adequate
Safety goggles are recommended

Personal protection – eye: Safety goggles, waterproof overalls and boots are recommended in cases of severe splashing.

Personal protection – skin: Safety goggles, waterproof overalls and boots are recommended in cases of severe splashing.

Other protection: Do not eat drink or smoke when handling the product.

9. PHYSICAL and CHEMICAL PROPERTIES

| | |
|-----------------------|--|
| Physical State: | Liquid |
| Appearance: | White / coloured pour able liquid |
| Odour: | Characteristic |
| pH: | 8 - 9.5 (as supplied) |
| Boiling point: | 100°C (as for Water) |
| Flash point: | Not applicable |
| Explosive properties: | Not applicable |
| Vapour pressure: | as for water |
| Density: | 1.14 – 1.25 (as supplied) |
| Solubility – water: | fully miscible |
| Solubility – solvent: | soluble in some alcohols, esters and aromatic solvents |

10. STABILITY and REACTIVITY

| | |
|-----------------------------------|---|
| Stability: | Stable under recommended conditions of storage. |
| Incompatible materials: | Not available |
| Conditions to void: | Extreme temperatures |
| Hazardous decomposition products: | None |
| Hazardous reactions: | None |

11. TOXICOLOGICAL INFORMATION

| | |
|-----------------------|--|
| Skin and eye contact: | Long term experience of handling this class of product under industrial conditions indicates the absence of any chronic or acute effects |
| Acute Toxicity: | |
| Chronic toxicity: | |
| Carcinogenicity: | None known |
| Mutagenicity: | None known |
| Neurotoxicity: | None known |
| Reproductive hazards: | None known |

12. ECOLOGICAL INFORMATION

| | |
|-----------------------------|--|
| Aquatic toxicity – fish: | low toxicity (<500mg/litre) |
| Aquatic toxicity – daphnia: | none known |
| Aquatic toxicity – algae: | none known |
| Biodegradability: | The base polymer is slowly biodegraded |

13. DISPOSAL CONSIDERATIONS

Not classified as hazardous waste.
Disposal of product and packaging should always comply with local and national regulations.
Recover liquid with absorbent material.

| | |
|-------------------|--|
| Disposal methods: | Waste product should not be discharged directly into drains or waterways without treatment. Waste water containing product should be treated in a separation and biological treatment plant. Disposal of packaging: Containers may be cleaned and returned to the supplier for re-use. |
|-------------------|--|

14. TRANSPORT INFORMATION

NOT CLASSIFIED AS HAZARDOUS FOR TRANSPORT.

15. REGULATORY INFORMATION

EEC hazard classification: None
This product contains only substances which are on the European Inventory of Existing Chemicals
(EINECS)

16. OTHER INFORMATION

The information provided in this Material Safety Data Sheet is based on the present state of our knowledge. This data is intend to enable safety assessments to be made and should not be construed as guaranteeing specific properties. Users are recommended to consult technical information sheets for advice on specific applications. The material may be used under conditions over which Laminin Paints has no control or in ways we cannot anticipate, we give no warranty , expressed or implied, as to the accuracy of the information and assume no responsibility for any damages that may occur.
