

MATERIAL SAFETY DATA SHEET

PRODUCT: HydroKey DATE PRINTED: 21/01/2025 PAGE 1 OF 4

1. PRODUCT AND COMPANY IDENTIFICATION (This page may be used as an emergency data sheet)

Company Details:

Name: Laminin Coatings (Pty) Ltd

| Address: | 109 Fritz Stockenström Street, East End, BFN |
|----------|--|
| Tel.: | 051 – 447 8938 |
| Fax.: | 086 518 6455 |

Product Details:

| Trade Name: | HydroKey | | |
|------------------|----------------------------|---------------|---------------|
| Main use: | Industrial or domestic use | CAS No.: | Mixture |
| Chemical family: | Emulsion paint | Hazchem Code: | Not available |
| Chemical Name: | Water based Emulsion Paint | UN No.: | Not available |

2. COMPOSITION

Water-based emulsion paint Hazardous Components:

Not classified as hazardous

3. HAZARDS IDENTIFICATION

| J. HAZANDO IDENTI IOATION | |
|---------------------------|---------------|
| Main Hazard: | Not hazardous |
| Flammability: | Not flammable |
| Chemical Hazard: | Not hazardous |
| Biological Hazard: | Not hazardous |
| Reproductive Hazard: | None |
| Health effects – Eyes: | Irritation |
| Skin: | Irritation |
| Ingestion: | Irritation |
| Inhalation: | Irritation |
| Carcinogenicity: | None |
| Mutagenicity: | None |
| Neurotoxicity: | None |
| | |

| 4. FIRST AID MEASURES | |
| In contact with eyes: | Wash with luke water for several minutes while holding eyelids open or until irritation subsides and seek medical advice. |
| In contact with skin: | Wash with water before the dispersion dries and remove any contaminated clothing and wash with |
| If ingested: | large amounts of soap and water. If irritation persists, seek medical advice. May cause nausea. Do not induce vomiting. Drink as much water as possible |
| If inhaled: | and seek medical advice immediately. Remove to well-ventilated area. In severe cases seek medical advice. |
| | |
| 5. FIRE FIGHTING MEASUR | ES |
| Extinguishing media: | Water, carbon dioxide or dry chemicals |
| Special hazards: | This product is water based and not flammable. Dry resin will burn producing carbon dioxide and sometimes oxides of nitrogen accompanied by dense black smoke. |
| Protective clothing: | Protective clothing and a self-contained breathing apparatus. |
| 6. ACCIDENTAL RELEASE I | MEASURES |
| 6. ACCIDENTAL RELEASE I Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: | MEASURES Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. |
| Personal precautions: Environmental precautions: Small spills: Large spills: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. Wear protective gloves, goggles, overalls and apron Observe good housekeeping practice. Keep workplace well ventilated. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. Wear protective gloves, goggles, overalls and apron Observe good housekeeping practice. Keep workplace well ventilated. Store under cover at temperatures above freezing Containers should be properly sealed. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. | Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: Storage: | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: Storage: 8. EXPOSURE CONTROL / F | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. Wear protective gloves, goggles, overalls and apron Observe good housekeeping practice. Keep workplace well ventilated. Store under cover at temperatures above freezing Containers should be properly sealed. Open in ventilated surroundings as small levels of VOC may accumulate in top void of the containers. Stir before use. Keep out of reach of children. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: Storage: 8. EXPOSURE CONTROL / F Occupational exposure limits: Engineering control measures | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. Wear protective gloves, goggles, overalls and apron Observe good housekeeping practice. Keep workplace well ventilated. Store under cover at temperatures above freezing Containers should be properly sealed. Open in ventilated surroundings as small levels of VOC may accumulate in top void of the containers. Stir before use. Keep out of reach of children. |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: Storage: 8. EXPOSURE CONTROL / F Occupational exposure limits: Engineering control measures Personal protection – respirate | Protective gloves, overalls and footwear, respiratory equipment if in an enclosed area. Do not wash into drains unless leading to a suitable effluent process. Absorb with sand or rags before the paint is allowed to dry. Contain and pump into a receiving vessel for removal. Check with Federal, Provincial and local Government regulations and requirements for disposal. Plastic or special steel containers. Wear protective gloves, goggles, overalls and apron Observe good housekeeping practice. Keep workplace well ventilated. Store under cover at temperatures above freezing Containers should be properly sealed. Open in ventilated surroundings as small levels of VOC may accumulate in top void of the containers. Stir before use. Keep out of reach of children. PERSONAL PROTECTION Not applicable s: Use mechanical ventilation to reduce exposure. ory: Breathing apparatus if ventilation is not adequate |
| Personal precautions: Environmental precautions: Small spills: Large spills: Waste disposal: 7. HANDLING AN STORAGE Suitable material: Handling: Storage: 8. MATERIAL SAFETY DATA SHEET

PRODUCT: HydroKey DATE PRINTED: 21/01/2025 PAGE 3 OF 4

9. PHYSICAL and CHEMICAL PROPERTIES

| Physical State: | Liquid |
|-----------------------|--|
| Appearance: | White / clear pour able liquid |
| Odour: | Characteristic |
| pH: | 8 - 9.5 (as supplied) |
| Boiling point: | 100°C (as for Water) |
| Flash point: | Not applicable |
| Explosive properties: | Not applicable |
| Vapour pressure: | as for water |
| Density: | 0.95 – 1.05 (as supplied) |
| Solubility – water: | fully miscible |
| Solubility – solvent: | soluble in some alcohols, esters and aromatic solvents |

10. STABILITY and REACTIVITY

Stability: Incompatible materials: Conditions to void: Hazardous decomposition products: Hazardous reactions: Stable under recommended conditions of storage. Not available Extreme temperatures None None

11. TOXICOLOGICAL INFORMATION

| Skin and eye contact: | Long term experience of handling this class of product under industrial |
|-----------------------|---|
| | conditions indicates the absence of any chronic or acute effects |
| Acute Toxicity: | |
| Chronic toxicity: | |
| Carcinogenicity: | None known |
| Mutagenicity: | None known |
| Neurotoxicity: | None known |
| Reproductive hazards: | None known |
| • | |
| | |

12. ECOLOGICAL INFORMATION

| Aquatic toxicity – fish: | low toxicity (<500mg/litre) |
|-----------------------------|--|
| Aquatic toxicity – daphnia: | none known |
| Aquatic toxicity – algae: | none known |
| Biodegradability: | The base polymer is slowly biodegraded |
| | |

13. DISPOSAL CONSIDERATIONS

| Not classified as hazardous v | vaste. |
|-------------------------------|--|
| Disposal of product and pack | aging should always comply with local and national regulations. |
| Recover liquid with absorben | t material. |
| Disposal methods: | Waste product should not be discharged directly into drains or waterways |
| | without treatment. Waste water containing product should be treated in a separation and biological |
| | treatment plant. |
| Disposal of packaging: | Containers may be cleaned and returned to the supplier for re-use. |
| | |

14. TRANSPORT INFORMATION

NOT CLASSIFIED AS HAZARDOUS FOR TRANSPORT.

15. REGULATORY INFORMATION

EEC hazard classification: None This product contains only substances which are on the European Inventory of Existing Chemicals (EINECS)

16. OTHER INFORMATION

The information provided in this Material Safety Data Sheet is based on the present state of our knowledge. This data is intend to enable safety assessments to be made and should not be construed as guaranteeing specific properties. Users are recommended to consult technical information sheets for advice on specific applications. The material may be used under conditions over which Laminin Paints has no control or in ways we cannot anticipate, we give no warranty , expressed or implied, as to the accuracy of the information and assume no responsibility for any damages that may occur.
